

Performa 3300

Value Engineered - Great Price - Superior Performance

"Contractor Window"
Very Attractive Pricing
Stock Size or Custom Size
Superior Performance!

1.5"

Frame Design Allows More Glass
 "Bigger Views" & "Better Sightlines"

Fully Welded Sash AND Frames with simple boxed frame design. Flatter design that's simple & highly functional

Most New Construction Window Types are thin and flimsy. Our extra thickness at 3" makes a much more reliable window that performs better.

"Not Flimsy" like most Builder Windows.
 "Great Value" for my Money
 Russell W. - Contractor
